6. Stories

As we wrap up the John series on November 25, we would like to celebrate how God is working in and through our people. Please share any story you'd like of God working in your group during the John series. This doesn't have to be a "huge" story. Think about responses to the sermons, life mapping, scripture processing, spiritual disciplines, answered prayer, etc. You don't have to tell the whole story here, but share a line or two and we can reach out to the person and get more of the story.
