

The Character of Justice
Week 4: Q & A
Luke 11:37-42

1. Which of the questions and responses were most relevant to you? Why?
2. Read Luke 11:37-42. What is Jesus' primary critique of the Pharisees? In what ways have you found yourself caring more for the outside than the inside of the cup?
3. How have the social and political conflicts of the last few years influenced your faith? Have they drawn you closer to or further from God? Closer to or further away from fellow believers?
4. How has your understanding of Biblical justice deepened during this series? How will your learning inform the way you care for the vulnerable inside and outside your sphere of direct influence?
5. Which of the following challenges will you continue to apply this week?
 - Think from the inside out, not the outside in.
 - Widen your table, instead of insulating and isolating.
 - Get closer to the problem, instead of running away out of fear or pride.
 - Spend more time building relationships than building your brand.
 - Do something that shows up on your bank statement and your calendar.
